

# Dr. Muzna Ahmed

MBBS, MRCEM PRIMARY

As an Emergency Medical Officer with experience in emergency medicine, I have a strong background in health assessments, excellent communication skills, and organization and time management. I am dedicated to providing high-quality patient care and education. I am currently working as an Emergency Medical Officer at Memon Medical Institute Hospital Karachi. I hold an MBBS degree from Karachi Medical and Dental College and have been a part of courses such as London Global emergency medicine, completed membership in the Royal College of Emergency Medicine part A and basic life support training. My future interests include resuscitation, trauma, radiology, cardiology, anesthesia and neurology. I am passionate about emergency and acute medicine and am committed to continuous learning and professional development.
