Objective

As a recent BDS graduate, I am seeking a dynamic and challenging role in the field of dentistry where I can apply my clinical knowledge, hands-on skills, and compassionate patient care. Eager to contribute to a dental practice that values continuous learning and patient well-being, I am committed to providing high-quality oral healthcare and building strong patient relationships. I am enthusiastic about further developing my expertise, embracing new technologies, and actively participating in a collaborative healthcare environment.

Educational Background

Bachelor of Dental Surgery (BDS), 2017-2021
Bibi Aseefa Dental College (SMBBMU) Larkana, <http://www.smbbm.edu.pk>
Pakistan.

Dedicated BDS graduate with a strong academic foundation. Completed rigorous coursework covering dental anatomy, pathology, and a comprehensive range of dental procedures. Clinical training at Bibi Aseefa Dental College equipped me with hands-on experience in patient care, diagnostics, and collaborative treatment planning. Adept at applying evidence-based dentistry principles to deliver optimal oral healthcare.

Intermediate, Pre-Medical with "A1" Grade 2014- 2016
Bahria Foundation College Mehrabpur, Pakistan. www.bahriafoundation.com
