

Dr. Iqra Manzoor

iqramanzoor254@gmail.com | 03040914132 | Karachi

As a dedicated medical professional, I have consistently sought opportunities to expand my knowledge and skills to provide the best possible care for patients. My clinical rotations in the Medical ICU and Surgical ICU have equipped me with the expertise to manage critically ill patients effectively and enhance my diagnostic abilities. In the fast-paced Emergency department, I thrived under pressure, making rapid, informed decisions to ensure patient safety. Additionally, my experiences in anesthesiology deepened my appreciation for its critical role in patient care and safety. I am eager to contribute my skills and compassion to a residency program, where I can continue to grow and make a meaningful impact on patient outcomes.
